Idiosyncratic "Krishi and Rishi Yatra" for Re-Establishment of Agrarian Culture, Philosophy of Rishis, Sanatan Economy and Gotra Samskar of our Dearest Motherland Bharat.

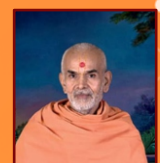

Bharat shall lead the world towards the path of 'how to attain Divinity' when the whole world is busy in the pursuit of 'how to earn Dollar'. Bharat is the only country where people have their 'Gotra' or institutionalised intellectual hierarchy and the practise of journey from Annamay Kosh [food loving Cell] to Ananda Maya Kosh [peace loving Cell]. Bharat's agriculture and food is intrinsic to this ascension from one cell to another. The western market economic model has failed to decode the family orientation of the East resulting in turning Nature dependent lifestyle to a Nature destructive one. We now need to rethink evolve credible and dependable leadership. Only constructive thoughts and action arising thereof can re-establish the cultural heritage of Bharat. An affluent Bharat will lead to a blooming world.
